

Instructions for completing this form—each step should be performed for each sample recorded:

1. Record the sample’s ID or affix a barcode label to this column.
2. Record the sample’s draw date.
3. Select test(s) to be performed: Mark the “Panel” column if your site’s routine test panel is applicable, otherwise select individual test(s).
(NOTE: Shaded boxes are for IBC Use Only.)
4. To modify your site’s routine test panel: Place a “+” in the desired column to add a test or place a “—” in the desired column to remove a test.
(Use this option only if 1 or 2 tests need to be added/removed from the routine panel.)
5. Record any special requests in the Comments Section at the bottom of the form.
